

# *Triteleia laxa*

Ithuriel's Spear

Liliaceae

**Exposure** Sun or part shade

**Water** No summer water

**Form** Bulb

**Height** 2 feet

**Flower color** Blue violet

**Bloom time** Spring

One of the showiest and easiest to grow of the native bulbs, Ithuriel's Spear bears umbels of large blue-violet flowers in late spring. It can be naturalized in a summer-dry bed or grown in a container.

**Habitat** Openings in woodland or forest
