CNPS Santa Cruz County Chapter Plant Sale: Fall 2023

Note: due to relocation of the Chapter's Propagation Program mid-June 2023, a few species are still in a "lightly rooted" state. They may benefit from some additional time in their pots before planting, or you can plant as-is and give them a little more TLC. Please ask a CNPS volunteer if you have any questions.

Note: 🌿 indicates that this plant was grown from seed collected from naturally occurring plants that are native to Santa Cruz County. Look for the "We're Local!" signage!
